PRESS RELEASE

Top Results for Wilmslow Prep Girls!

Wilmslow Preparatory School has once again celebrated another year of excellent results from its talented Form 6 girls.

This year's Form 6 recently sat exams for their chosen secondary schools and, as in previous years, the results were an astounding success. The 19 girls amassed 65 passes between them to some of the North West's top schools and 5 of the major girls' schools in the London area – including two scholarship offers.

Hilary Shaw, Headmistress, said: "Once again the girls, under the excellent guidance of Form 6 teacher Judy Hughes, and maths teacher Judi Gregson, have achieved results which bear testament to the many years hard work they have put in to their school work. We expect a great deal from our young pupils and are delighted that they have excelled academically *and* managed to fit in a whole raft of other activities, such as sport, drama, music and art that go on daily in our thriving Prep School. Well done everyone!"
