## Form 1, 2 & 3 Trips

Three forms were out exploring this week as they supported their classroom learning with local days out.

Form 1 & 2 went to Dunham Massey, where they not only explored the beautiful parkland but became housemaids for the day. Lady Stamford put the girls through some very intensive training and they learned how housework used to be done! Among the new skills the girls can now boast that they can make a proper bed, bake their own gingerbread men, empty chamber pots and polish silver!

Charlie said, 'I loved Lady Stamford's dress' whereas Illiyana liked cleaning the spoons. As

you can see, both the girls and staff looked the part in their aprons and mop caps. Rosa summed the day up by writing, 'Thank you my Ladyship for the lovely visit and for letting me be a cook.'

Form 3 went to Alderley Edge Woods this week to learn about the environment and habitats. They were shown around the woods by a National Trust Ranger and looked for animal homes in the woods. In addition they were able to gather sticks to build their own hides. Despite the weather being changeable to say the least, the girls spent the day exploring and Miss Shaw reports that their behaviour was exceptional.

Well done to all three forms for being such wonderful ambassadors for WPS whilst taking their learning outside the classroom.

## Stars of the Week

Congratulations to Safah, Ashlea, Kristie, Georgia, Molly, Charlie and Elizabeth for being this week's Stars. Well done for all of your hard work.
