

Another successful year for Wilmslow Prep pupils

The pupils at Wilmslow Prep have done it again with another set of fantastic results from their talented Form 6 pupils in their independent senior school entrance exams.

Twelve children in the class sat a total of thirty two exams for their chosen schools. Between them the pupils received thirty one offers, including two academic scholarship offers. The remaining four children in the class are going on to either Altrincham Grammar or one of the local state schools.

Commenting on the results, Headteacher Helen Rigby said: "Our Form 6 pupils and their form teachers, Judy Hughes and Sarah Ramsay, have worked really hard to achieve these impressive results.

"We are fortunate to have some of the best schools in the country in our region and it is always a delight to see our pupils move on to these at the start of the new academic year in September.

"What really delights the team here at the Prep is that as well as studying hard these girls are all actively involved in a wide range of activities including drama, orchestra plus lots of sport.
