

Weekly Bulletin Friday 12th March 2021

Lockdown 3 certainly brought its challenges for pupils, staff and parents but as the saying goes 'necessity is the mother of invention.' We successfully delivered our full academic curriculum in line with our timetable and also included live PE, music, pastoral sessions, assemblies and fun events as part of our on-line provision. All of us at WPS are extremely proud of our pupils who have done a fantastic job with remote learning. However, virtual learning can never replace the full 'being in School' experience, and we were genuinely delighted to welcome all our families back on Monday. The School has been 'eerily' quiet over recent months and it has been wonderful to see and hear your children again around School. We have had a great week – everyone has enjoyed seeing their friends and teachers again – and we hope you have enjoyed the relative quiet at home!

WPS World Book Day on Thursday was a great success. Children across the School enjoyed dressing up as their favourite fictional characters, making up their own Mr Men and Little Miss characters and taking part in a Zoom Assembly.

Stars of the Week!

Congratulations to all the children back in School for their amazing attitude and for settling in so well.

Everyone is a Star this week!

Innovation is the theme of this year's British Science Week and we are looking forward to sharing all of the fascinating facts that the children have discovered as part of their homework project. This week Prep 1 learnt that many children around the world don't have clean water to drink and they found out that a simple plastic bottle can be used as a filter.

Many Happy Returns to all the children who are celebrating their birthday this week.

Ethan KG
