

International Day

Today Wilmslow Prep raised money for Macmillan Cancer Support by holding an International Day.

The day started with a Coffee Morning, hosted by the Parents' Committee, who sold drinks and cakes to parents, ex-members of staff and friends of WPS. The event was a huge success, raising over £250 in just under two hours. Thank you in particular to the mums who were good sports, serving coffee in their cabin crew outfits.

At the same time, the children in Forms 5 & 6 sold the goods they had made as part of the Young Enterprise competition. Four teams battled it out in our marketplace, selling bunting, dog bowls & biscuits, finger puppets and painted eggs. The teams made the most of a packed hall, selling out of most of their items well before the end of the event.

The International theme began on arrival this morning, as children arrived to a Check-In themed Entrance Hall. Members of the School Council were there to check the children in, stamping their passports and collecting their donations to Macmillan. The children went to an incredible amount of effort putting together a wide and various range of fabulous costumes.

During the day, there were a number of international events including softball, piñata making and a Great British picnic lunch. Each form travelled from classroom to classroom, learning about other countries and getting their passports stamped along the way. The highlight of the day was a special Assembly, where each form talked about their chosen country. The Form 6 children sang in Japanese, Kindergarten greeted the School in Cantonese and a special mention goes to Hallie in Form 3 who spoke to the whole School in fluent Spanish!

This is the final event of the year for the children in the School Council. They have raised a fantastic amount during the year for good causes including Jeans for Genes, Sport Relief, Barnardo's and East Cheshire Hospice. Together with Miss Ramsay they have organised some very memorable events.

Thank you in particular to Mrs Hendry and the Parents' Committee, Mrs Brassington and Mrs Mejia for helping with the events.

Congratulations to the winning Junior Enterprise Team, Eggcellent Eggs, who raised almost £250. The winners of the paper plane competition were Laura in F1 and Emily in F5
