Message from the Headteacher

As we come to the end of our second week of lockdown, we just wanted to make special mention of our super P6 pupils. These children have been working exceptionally hard over the past few months in readiness for their senior school entrance examinations in January. They have not only had to deal with the last minute changes to arrangements for returning to School but also to the timings and methods of how they will be assessed by the senior schools. Some exams are now being conducted online, some at home under pre-agreed examination conditions, and some at the senior school but in a different format to usual. Throughout all of this, they have shown resilience, fortitude and determination, and we wish them the very best with their exams and interviews and we are very proud of them all.

Our staff are also incredibly proud of all the WPS children with some wonderful work being completed either at home or in School. As part of their History topic, Prep 4 had to complete a project about Life in Roman Britain including creating models of working catapults, the Coliseum and soldiers' helmets.

In future weeks, we would very much like to fill this space with more pictures of the children enjoying their learning in School and at home. If you would like us to include a picture of your child, please email it to secretary@wilmslowprep.co.uk. The deadline for these pictures will be Thursday each week.

Please be aware that, by sending in your picture, you are giving permission for us to use it on our Weekly Bulletin as well as on our various social media accounts and our School website.
